

IMPORTANT INFORMATION FOR VISITORS

Porlock probably has one of the oldest populations in the country, with over 40% of our residents being over retirement age. We remain a very vulnerable community right now and we want to keep as many of our elderly residents as safe as possible.

We are also mindful that we live in a stunning location and we have a reputation for being a friendly and welcoming village and that's why so many visitors want to come here for day trips and longer stays. That welcome will be as warm as ever, once the government advise that it is safe to travel to stay overnight in tourist destinations once again.

In Porlock, other than essential shops, **all other hospitality businesses and public facilities remain closed**. Porlock Vale Tourist Association exists to promote and encourage tourists to our fantastic village but we urge caution and consideration from those who might want to visit right now. Once the Government eases more restrictions, we are already planning lots of events that our visitors from near and far will be able to come along and enjoy. Our businesses will need you more than ever once they are able to fully reopen and resume trading.

We look forward to welcoming our visitors back and we will advise you when this happen. In the meantime, please **stay safe, stay alert and stay home** and help protect our vulnerable community.
